

DAB Docking station 1" female thread x male thread type ESYTWIN DOCK (7033373)

TECHNICAL SPECIFICATIONS

Type	Esytwin Dock
Connection	female thread x male thread
Size	1"

PRODUCT INFORMATION

Esytwin is used to mount 2 Esybox's side by side for systems where either a larger flow or a stand-by pump is required. The suction and discharge 1 ¼" NPT connection can be made at either side of the dock or on the same side to make piping up the dock as easy as possible.
