

**Yamit Fertilizer tank steel
powdercoated 20" x 13 mm
hose tail 8bar blue 120ltr type
F550V vertical (7026025)**

YAMIT
FILTRATION

TECHNICAL SPECIFICATIONS

Colour	blue
Material	steel powdercoated
Connection	hose tail
Type	vertical
Pressure	8 bar
Type	F550V
Content	120 ltr
Size	20" x 13 mm
Weight	41 kg

PRODUCT INFORMATION

Exterior & Interior coating: electrostatic oven baked polyester-epoxy powder coating with a thickness of 150-200 micron.

Fertilizer tanks require no external energy source to function, other than a pressure differential across the inlet and outlet.

Flexible and durable rubber joint, highly resistant to corrosion from chemicals used in agriculture.

Operation: the fertilizer tanks are simple to use and maintain. A pressure differential between the inlet and outlet connections, creates flow into the tank, displacing chemical from the tank via the outlet and into the mains.

Application: the fertilizer tanks are the ideal cost competitive solution for fertigation of crops where automatic systems are too expensive or where electricity is not available.
