Water, the liquid of life

# TECHNICAL SPECIFICATIONS

|                  |                      |
|------------------|----------------------|
| Colour           | black                |
| Material seal    | carbon steel         |
| Connection       | glue socket          |
| Voltage          | 400VAC               |
| Width            | 288 mm               |
| Height           | 428 mm               |
| IP value         | IP55                 |
| Type             | Hydrostar MKIV 700   |
| Capacity         | 77 m <sup>3</sup> /h |
| Output Power     | 7,2 HP               |
| Size             | 90 mm                |
| Length           | 929 mm               |
| Max. temperature | 40 °C                |
| Weight           | 54 kg                |
| Power            | 5.4 kW               |
| Ampere           | 10,3 A               |
| Frequency        | 50 Hz                |

## PRODUCT INFORMATION

The Hydrostar MKIV has been designed to provide a substantially quieter operation with even higher flow rates and higher head than the previous Hydrostar models. Waterco has optimised the pump's hydraulic efficiency by reshaping its internal profile.

### Features:

- 3" port supplied with 3" imperial & 90mm metric quick connect unions
- 6L hair and lint pot
- Transparent pump lid for easy inspection of the strainer basket
- Quarter turn lid and lock ring with easy grip handles
- High grade mechanical seal
- Carbon/graphite with 316 stainless steel
- Heavy duty IP33 weather proofed motor with stainless steel shaft
- Hydraulically efficient internal volute
- Drain plugs
- Integral support base for ease of mounting
- UV stabilised glass filled thermoplastic pump body
