

Hayward Robot pool cleaner type SharkVac XL Pilot (0180609)

 **HAYWARD®**

TECHNICAL SPECIFICATIONS

Type

SharkVac XL Pilot

PRODUCT INFORMATION

Robotic cleaner which cleans the pool bottom, walls & water line. For all types of bottom and surface. Efficiency Smarter: Adaptive Seek Control Logic (ASCL®) Microprocessor optimises cleaning routine for each individual pool size and shape Short cycle: designed with a more efficient cleaning pattern allowing for quick cleanups between standard cycles while still reaching all areas of your pool Easier to use: no installation, no attachments. Just drop it in and turn it on It's completely automatic Extra Durability Simple Direct Drive Design with non-corrosive bearings for high reliability Universal For all types of bottom & walls (flat bottom, gentle slope, diamond shape, complex slope) For all types of surface: (Vinyl, Shielded PVC, Gunite, Fibreglass) Short cycle and full cycle can be selected Ease Of Use Efficient access to patented top-access filter cartridge means end-user maintenance is easy. Simply rinse and clean the easy clean cartridge filter with a garden hose.

Features:

- Top-access filter allows quick debris removal and easy cleanup. Just remove and rinse with a garden hose
- Calculates the size of the pool and programs itself for the most time and energy efficient cleaning path
- Saves you money by running separately from the pool's filtration system which saves the loss of heated pool water
- Cleans all residential pool surfaces; gunite, vinyl or fibreglass up to 6 x 12 m
- Work Cycle: 3 hours
- Motor Unit: 24 V/3.5 amps
- Volume Capacity: 22m³/hr
- Power Cord 16 m (Kevlar® reinforced)
- Moving Parts: Acetal/stainless steel
- Programmed Function ASCL/adaptive seek control
- Ergonomical trolley included
