

Elbe Strip PVC coated metal 50 mm x 2000 mm blue 2m (7039004)

TECHNICAL SPECIFICATIONS

Colour	blue
Material	PVC coated metal
Length	2 m
Thickness	1.2 mm
Size	50 mm x 2000 mm

PRODUCT INFORMATION

The PVC coated metal strip is essential when you weld the liner at the edges between the pool wall and pool surround. This strengthening strip needs to be installed under the liner to make welding possible.
