Capacity Qmax	257 m ³ /h
---------------	-----------------------

Size	DN250
------	-------

Power	2500 W
-------	--------

Chloramine reduction	140 m ³ /h
----------------------	-----------------------

PRODUCT INFORMATION

The VGE Pro medium pressure UV lamps emits a wide spectrum of Ultraviolet (UV) light which not only gives very good disinfection results but is also excellent for photolysis applications like the reduction of chlorine in pool applications. The single ended lamp in combination with the S.B.T. (Single end bayonet technology) and the on-chamber visual lamp status indication makes the system extremely user friendly. We offer different systems with medium pressure UV lamps from 400W to 3000W.

Features:

- 1x lamp
- DN80 flange connections
- Comfort controller with colour touch screen
