

# DAB Docking station 1" female thread x male thread type ESYTWIN DOCK (7033373)

# TECHNICAL SPECIFICATIONS

Type ESYTWIN DOCK

Connection female thread x male thread

Size 1"

## PRODUCT INFORMATION

ESYTWIN is used to mount 2 ESYBOX's side by side for systems where either a larger flow or a stand-by pump is required. The suction and discharge 1" 1/4 NPT connection can be made at either side of the dock or on the same side to make piping up the dock as easy as possible.
